

Portable Cold Stores

From our depots in Benelux, Bulgaria, Denmark, Finland, Germany, Norway, Romania, Sweden and U.K. we offer delivery of various types of containers and modules for safe and reliable storage of goods requiring temperature controlled environment.

The majority of our units are fitted with new technology machinery operating between -35C and +30C with the benefit of up to 75% reduction in power consumption. (That can equate to savings in excess of € 10 per day). Equipment types and availability can vary in various countries. As a guide we can indicate the availability as follows:

Benelux, Denmark, Sweden	- ArcticStore & standard reefer containers
Finland, Norway	- Standard reefer containers (some with extra features)
Germany	- Standard reefers with curtains (ArcticStore north of Hamburg)
Bulgaria & Romania	- Standard reefers – (ArcticStore first from 2009)
U.K.	- ArcticStore, standard reefer (and 3 pallet-wide from 2009)
France	- (ArcticStore & standard reefer from mid-2009)

For extra security on all container types with original doors we can supply the patented CCII or Fixlock high security locking systems
